

San Luis Valley Interagency Fire Management Unit

- Refresher #1: April 8 @ 0830 w/Pack Test April 9 @ 0800; both at Monte Vista Ad Site. Target audience, all long term employees.
- Refresher #2: May 6 @ 0830 w/Pack Test May 7 @ 0800; both at Monte Vista Ad Site. Target audience, mostly fire/fuels personnel.
- Refresher #3: June 10 @ 0830 w/Pack Test June 11 @ 0800; both at Monte Vista Ad Site. Target audience, all remaining folks that haven't yet attended.

NOTES: At this time, not very many are signed up for the April 8 Refresher.

Please let **Tina Sanchez (719-852-6209)** know if you plan to attend.

It works best to spread attendees out between the 3 refreshers with a max number at any one approximately 25-30.

Suggest wearing field clothes, boots, long sleeve shirt and bring line gear (hard hat, gloves, fire pack) so the shelter deployment is as realistic as can be.

All attendees will be issued a new 2014 IRPG (green). Sometimes it is just as easy to simply wear your nomex.

If you plan to pack test.....please assure your HSQ or physical is completed and approved for testing by Lary Floyd. You will only be pack tested for your appropriate qualification.

Lunch is planned for approximately 45 minutes so plan accordingly. THX! Jim

PS: If you intend to be a driver, it is required to attend a refresher, have completed IS-700 and assure your entered into IQCS (see Tina).

Jim Jaminet
